## CHAPTER THREE - COMPETITIVE EXHIBITS

### 3.01 Competitive exhibition times

Times for the setup of State Fair competitive exhibits, the dismantling and removal of exhibits and the hours of public viewing will be set annually by the secretary or delegate and will be stated in individual department premium books.

### 3.02 Responsibility for competitive exhibits

The Society will use diligence to protect livestock and articles entered for exhibition, after their arrival and placement, but under no circumstances will it be responsible for any loss, injury or damage done to or caused by any animal or article on exhibition. It is the responsibility of the competitive exhibitor to obtain appropriate insurance for any damages due to or caused by the exhibit and to indemnify and hold the Society harmless against any claim arising out of incidents involving the exhibit. Removal or pickup of exhibits at established times as stated in individual department premium books, entry blanks or entry receipts, shall be the responsibility of the competitive exhibitor. The Society shall not be responsible for any exhibit not removed or picked up at established time and the secretary or delegate will dispose of all exhibits not removed or picked up within one year of such established time.

### 3.03 Board of Animal Health

The exhibition of livestock on the State Fairgrounds shall be under the supervision of the Minnesota Board of Animal Health and its applicable rules and regulations will be complied with in full. Health requirements for individual departments will be set forth in their respective premium books.

### 3.04 General competitive entry requirements

Competitive exhibitors must file proper entry blanks with any applicable fees prior to the designated closing date for entries. The Society reserves the right to refuse entries or prohibit the exhibition of animals or articles entered if the showing of such animals or articles is contrary to law, or violative of the Society's interest in providing for the health, safety and protection of its patrons. Exhibits entered in the wrong lot or category may be transferred prior to judging at the discretion of the department superintendent to the proper lot or category of competition. Deception of any type by an exhibitor, as determined by the department superintendent will ban the exhibitor from any further competition and result in the forfeiture of all premiums. Mechanical or artistic articles must be entered in the name of the artist, inventor, manufacturer or maker. No Society employee or department superintendent, or member of their family, shall be permitted, directly or indirectly, to make a competitive entry in any department over which that person has supervisory responsibility or in which that person is employed. No society officer or member of the Board of Managers, or member of their family, shall be permitted to make a competitive entry of any type in any department.

### 3.05 Animal competitive entry requirements

When animals are entered for State Fair competition by an entity other than an individual, that entity (whether a corporation, partnership, breeding establishment or other) must have been in existence as of the closing date of entries. Appropriate documentation showing the status of the entity must be available for inspection by the department superintendent. All animals entered under a breed classification must be recorded in a breeding association recognized as representative of the particular breed. The competitive exhibitor must produce a certificate of registry at the request of the department superintendent. All animals shown must be owned by the competitive exhibitor from the time of making entry, except as otherwise provided in special rules of the department.

### 3.06 Judges

Competent and qualified persons will be employed as judges by the Society to evaluate all competitive exhibits. Judges shall be responsible for reading and understanding the general rules and all special rules applicable to the department or class in which they are to serve. No person who is a competitive exhibitor may act as judge in a class in which they are competing.

### 3.07 Interference with judging

Judges shall report to the department superintendent any competitive exhibitor who in any way, whether in person or by agent or employee, interferes with them or shows any disrespect to them during the judging. The department superintendent may exclude any such competitive exhibitor from further competition. The secretary may withhold from such competitive exhibitor any or all premiums that have been awarded and may also exclude such competitive exhibitor from further competition at the State Fair.

### 3.08 Award books

Judges and persons acting as clerks to the judges must use special care to record the proper names in the award books after awards have been made. The judge, competitive department superintendent in charge and clerk recording the awards of the department must sign the award book at the close of each class immediately after all awards in such class have been made.

**3.09 Qualification of entries**

If there is any question as to the regularity of an entry or the right of any animal or article to compete in any lot or category, the judge or judges shall report same to the competitive department superintendent in charge for adjustment. Judges shall place a reserve award in each lot. Should any animal or article awarded a prize be disqualified, the animal or article awarded the next lower prize shall graduate into the next higher position, if in the opinion of the judge, it is worthy of such prize. Judges must not award a prize to an unworthy exhibit. No premium or distinction of any kind shall be given to any animal or article that is not deserving.

**3.10 Finality of decisions**

In judging livestock, the decision of the official State Fair veterinarian and judge as to soundness shall be final. The decision of the judge shall be final in all cases, except when mistake, fraud, misrepresentation or collusion, not known at the time of the award, is discovered. In such cases, the secretary shall take appropriate action or refer the matter to the board of managers.

**3.11 Interpretation of rules**

A faithful observance of all rules governing the exhibit will be required, and when in doubt as to the application or meaning of a rule, the competitive department superintendent in charge shall interpret such a rule. This interpretation when requested by either a competitive exhibitor or judge must be reduced to writing and returned to the secretary or delegate with the award books.

**3.12 Protests**

A protest from the decision of a judge will only be accepted from a competitive exhibitor named in the official judge's sheet for competition in the lot or class under protest, and must be filed with the secretary within five hours after the award has been made. An award is deemed to have been made when the notation of the decision of the judge is entered into the department award book. All protests must be made in writing and must be accompanied by a deposit of one hundred dollars. The protest must state plainly and specifically the facts upon which the complaint or appeal is based. The right to appeal will lie only when it is charged that the award has been made in violation of the rules governing the exhibit, or when it is charged that the decision of the judge has been influenced or interfered with by another person. No protest or appeal based upon the statement that the judge or judges are incompetent or have over-looked an animal or article will be considered. The one hundred dollar deposit will be returned only if the protest or appeal is upheld. In protest and appeal instances where rules established by a breed association or other competitive organization with which the Society has an agreement differ from this rule, rules of the association or organization shall govern.

**3.13 Late showing of exhibit**

No animal or exhibit will be judged or awarded a prize if it is not ready for judging and promptly brought into the show ring when the lot is called.

**3.14 Premium money**

Cash premiums awarded will be paid by check made out to the competitive exhibitor and mailed to the post office address as stated on the entry blank. Competitive exhibitors may forfeit all premium money if exhibits are removed from the grounds prior to the official time of release. The board of managers reserves the right to make reductions in premiums if the financial conditions of the Society make such reductions necessary.

- A.** For the purpose of this show a horse is over 14.2 hands (except Open Division), a pony 14.2 hands or under. Special care should be taken that the measurements of animals is correctly stated on the entry blank, and that the animals are entered in the proper class as to height, as in case of a wrong entry in any class the animal will be disqualified from taking a prize in such class. Animals may be measured by the management's veterinarians from whose decision there will be no appeal.
- B.** When one horse of a pair does not exceed half an inch over or under the height prescribed, the other horse being within the limit, the pair shall not be disqualified. This, however, does not give the exhibitor the right to enter the same pair in the two different height classes. The horse that is not within the prescribed limit shall not be eligible in any single harness classes other than those to which it is entitled to enter on its exact measurements.

- 15. SIGNS AND ADVERTISING.** No signs of any type will be permitted in the barns, except within the specified assigned stalls. Failure to comply will result in forfeiture of premiums. A fee of \$50 per head in addition to the regular entry fee will be charged where "For Sale" signs are displayed. No animal will be stalled in barns unless entered and shown.
- 16. GOLF CARTS/CARS.** No golf carts/cars of any type will be permitted within the barn area, except official State Fair carts. Others will be impounded at owners' expense.
- 17. AISLES.** No aisles or alleyways may be "blocked off" in any manner except when horses are being prepared for the show ring. Exhibitors found blocking aisles will be docked points for stable appointments.
- 18. NUMBERS.** The fair's catalog number must be visible, and worn on the rider's or driver's back, or the saddle pad if the horse is led or ridden, and upon the back of the carriage if driven. The same number will be used in both performance and halter.
- 19. COURTESY TO JUDGES AND OFFICIALS.**
- A. No person other than the officials and attendants on duty in the ring and the judges of the class being shown will be admitted to the show ring.
  - B. Any act of discourtesy or disobedience to the officials on the part of the owner, groom, rider or driver will disqualify the horse for adjudication, and the owner shall forfeit his nominating and other fees. The management reserves to itself the power to remove any groom or horse from the show without being liable for compensation.
- 20. FIRE SAFETY REQUIREMENTS.** The State Fair is working with the State Fire Marshal and the fair's own life safety staff to ensure an incident free exposition. Your expected cooperation in complying with these requirements is appreciated. They will be enforced on a 24-hour basis; please plan accordingly.
- A. Smoking and any other open flame is prohibited.
  - B. Ignition sources such as frying pans, coffee pots, hot plates, toasters, toaster ovens and warming trays are prohibited.
  - C. Tops of stalls may not be covered.
  - D. Decorative material must be rendered and maintained flame retardant in accordance with the state fire code; documentation is required.
- 21. HEALTH REQUIREMENTS.** All horses must be negative to an official test for **Equine Infectious Anemia** within 12 months prior to the opening date of the exhibition. A test is not required for suckling foals accompanying a negative dam. Health papers must be turned in at the Horse Show office in the Warner Coliseum immediately after arriving on the grounds and prior to picking up show numbers.
- A. Horses known by the exhibitor to have an infectious, communicable disease or to have been exposed to an infectious, communicable disease, or to be from a quarantined herd may not be entered in an exhibition. Warts and ringworm are considered communicable diseases. Therefore, horses affected by these diseases cannot be exhibited. A statement from a veterinarian that an animal is being treated for these diseases is not acceptable.
  - B. Horses will be inspected by the official veterinarian on the opening date of the exhibition and daily during the exhibition. The official veterinarian will order the immediate removal to a quarantine facility or removal from the exhibition premises of any horses with symptoms of infectious or communicable disease. They may not enter a show ring. This includes horses with warts or ringworm.
