FFA General Rules and Information

1. The FFA Livestock Show will be held four days, Friday through Monday, Sept. 1–4, 2017. The FFA Crops exhibits will be in the Agriculture-Horticulture Building, the Landscape Design exhibit outside the CHS Miracle of Birth Center and Agriculture Technology exhibits will be in the Education Building during the fair.
2. The Minnesota State Fair will provide sleeping quarters for the FFA exhibitors and advisors as space permits. All students, regardless of age, must be supervised at night. Supervision of FFA exhibitors while they are at the fair is the responsibility of the chapter advisor. An adult, parent, administrator, or instructor must accompany the exhibitors.
 - A. **Dorms.** Dorm reservations will be accepted Aug. 1–14, or until dorm space has filled. Requests must be made through the FFA website at mnffa.org. No telephone requests accepted.
 1. For information on dorm space availability, check the FFA website at mnffa.org. Those requesting space after dormitory space is filled are responsible for obtaining lodging off grounds.
 - B. **Sleeping in the barns -- unless in the dorms -- is not permitted.**
3. **Curfew. 11 p.m.** All FFA exhibitors must observe an 11 p.m. curfew.
4. It is recommended that the fitting and preparation of livestock be done by the exhibitor and family members. Herdpersons accompanying exhibitors must adhere to the same rules as the FFA members. Failure to do so will result in disqualification of the exhibitor for future shows.
5. All exhibitors will present a code of conduct statement signed by their parents, advisor and exhibitor.
6. Breed or farm shirts are not permitted in the show ring.
7. The consumption or possession of alcoholic beverages, tobacco, or any controlled substances by FFA exhibitors is prohibited. Violators will forfeit their eligibility to show.
8. The State Fair reserves the right to test any entry for body growth enhancing substances, drugs or medications.
9. State Fair officials (which may include the official veterinarian and FFA livestock staff) reserve the right to remove any sick animal from exhibit.
10. The show officials solicit and welcome the advice and input of parents and exhibitors.
11. **Entries.** Regardless of entry closing date, no entries will be accepted beyond the capacity to house them. Entries must be filled out in the name of the FFA exhibitor (defined as one person). No entry, individual or group, will be accepted after the final deadline.

 - E. No restrictions as to course of study or choice of school.
24. **IAFE (International Association of Fairs and Expositions) National Code of Show Ring Ethics.** Submission of entry indicates an agreement to abide by all conditions and rules listed below.
- A. Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE Code of Show Ring Ethics", fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.
 1. All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine examples. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.
 - B. **The following is a list of guidelines for all exhibitors and all livestock in competitive events:**
 1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
 2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
 3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
 4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of, consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

- a. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved, and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.
 - b. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications, for the sole purpose of protecting the health of the animal, shall be administered by a licensed veterinarian. *The Minnesota State Fair allows exceptions in breeding classes for sound management practices such as mastitis or pneumonia control.
5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant or similar substance) which could affect the animal's performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
 6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance or other similar practices are not acceptable and are prohibited.
 7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
 8. No owner, exhibitor, fitter, trainer or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics, or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
 9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in, or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
 10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of the Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary actions taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.
 11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and also in violation of federal, state or provincial statutes, regulations or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
25. **NALS&RMA Rule Infraction Database.** Barred or Disqualified Exhibitors: The Minnesota State Fair, in cooperation with the North American Livestock Show and Rodeo Managers Association (NALS&RAMA), Rule Infraction Database (RID), reserves the right to refuse entry of any exhibitor who has been barred or disqualified from any other show on the basis of unethical practices referred to in the International Association of Fairs and Expositions (IAFE), National Code of Show Ring Ethics.
 26. **ALL SPECIES. Livestock Health Regulations and Identification.** All animals will be inspected by the official veterinarian the opening day of the exhibition and daily during the exhibition. The official veterinarian will order the immediate removal to a quarantine facility or removal from the exhibition premises of any animal showing clinical signs of any infectious, contagious or communicable disease, including ringworm and warts.

- A. Any animal showing evidence of any disease, abscesses, or any open contagious lesions will not be allowed to exhibit or show and will be subject to isolation or expulsion depending on the nature and seriousness of the disease, abscess or lesion in question. If illness of any nature is suspected in any animal, said animal is subject to examination by the State Veterinarian and owner or exhibitor of said animal must abide by the decision of this veterinarian. Animals with warts or ringworm may not be shown. A statement from a veterinarian that an animal is being treated for these diseases is not acceptable. Animals known by the exhibitor to have an infectious, communicable disease or to have been exposed to an infectious, communicable disease, or to be from a quarantined flock may not be entered in an exhibition.
- B. **Identification.** The USDA instituted its Animal Disease Traceability (ADT) rule which improves its ability to trace livestock in the event of a disease outbreak. According to the ADT rule, livestock moving interstate must be officially identified and accompanied by an interstate certificate of veterinary inspection (ICVI). The USDA Animal Disease Traceability rule went into effect March 11, 2013. For more information regarding the USDA ADT rule please visit: aphis.usda.gov/traceability. Official ID may NOT be removed from an animal once it is applied.
1. **All species.** Individuals must be officially identified (see bah.state.mn.us/official-id/ for list of official ID).
27. **CATTLE. Livestock Health Regulations and Identification.**
- A. **National Uniform Ear-tagging System (NUES).** Begin with an official state number followed by three letters and then four numbers. (The official state number for Minnesota is '41'.) Must display the U.S. shield if applied to an animal March 11, 2015 or after.
1. Metal NUES tags may be ordered at no cost from the Board by calling (651) 201-6836 or using the online tag order form.

Division 30: Market Hogs

FFA Market Hog Rules.

1. Hogs entered in this division must have been born in the current calendar year.
2. Animals must be owned and fed for at least 60 days before date of showing by and entered in the name of the feeder and exhibitor. Hogs may be owned in a bona fide partnership with parent or guardian, such ownership to be certified by an agriculture instructor.
3. An exhibitor may enter and show a total of seven market animals in the individual classes, and one pen of three.
 - A. **Individual class limits.**
 1. Up to two purebred (class 1).
 2. Up to three crossbred (class 4).
 3. Up to two commercial hogs (class 11).
 - B. **Pen of three.** Consists of animals entered and shown in classes 1, 4, or 11.
 - C. **School or chapter group.**
 1. Entries in school or chapter group must be made in the name of the chapter, by the FFA advisor, and entry fee of \$5 must be paid.
 2. 10 hog minimum. At least three exhibitors, no more than four pigs from any single exhibitor.
 3. Must be exhibited in the market classes and conform to required weights.
4. **Qualifications.**
 - A. **Weight.** Market hogs must weigh between 220–310 lbs. Underweight or overweight entries may be placed in classes and judged, but will not receive premiums.
 - B. **Purebred class.** Entries in class 1 must be purebred. Show registration certificate at check in.
 - C. **Crossbred or grade class.** Entries in class 4 open to crossbred or grade, barrows or gilts fed for market.
 - D. **Commercial barrow class.** Entries in class 11 may not be shown in classes 1 or 4, but may be shown in the pen of three. Open to commercially raised barrows. Must weigh at least 220 lbs.
 1. **Verification that animal was raised in a confinement facility must be provided.** Such verification must be given to officials at the weigh in area before crossing the scale.
 2. Do not enter carcass placing class (class 13). Entries in class 11 are automatically entered. No additional entry fee required.
 3. Entries will be ultra sounded and placed based on the information gathered from the ultrasound for the carcass value contest. Hogs are ranked on “Net Value Carcass/CWT as the primary sort, and “% Lead Adj. to 285 lbs.” as the secondary sort for tie-breaking. Matrix background: Carcass yield is assumed at 74% for all hogs; base carcass value adjusted for:
 - a. Carcass Weight Discount. Discounts are used by all major U.S. packers for carcasses outside of the desired weight range.
 - b. Percent lean premium/discount. The majority of U.S. packers offer premiums and discounts based on carcass lean.
 - c. Carcass with a loin area 10 sq. in. or larger receive a \$10/cwt discount. Discount is in response to domestic retailer concern of loin cuts larger than optimal size.
 - d. Carcass with less than a .50 in. back fat receive no percent lean premium. Discount reflects a reduction in carcass value due to thin bellies and other processing inefficiencies.
5. **Class divisions.** Class champions marked with a * (classes 2, 5, 8) will be established if necessary to facilitate the selection of the individual champions and reserve champions.
 - A. Entries in the individual classes will be divided into workable groups on the basis of their weight; no more than 20 per weight group.
 - B. Pens will be divided into groups of no more than 10 pens per group.
6. **Marketing. All market hogs must be sold.** The fair management has made arrangements to ship these hogs to a packer.
 - A. Premises ID Number (PIN) Tags must indicate farm of origin for hogs going to market; required for hogs weighing 330 lbs. and up.
 - B. Exhibitors must complete a COOL (Country Of Origin Labeling) affidavit/declaration of origin, available from the department superintendent. All market animals must have their origin declared before the animals go to market.

- C. Before weighing, market hog exhibitors must sign a slip stating any medication or feed additive that was given his/her hog(s) that would prevent the sale of the animal has been withdrawn in accordance with manufacturers recommendations and warnings.
- D. Oiled or shaved entries may be heavily penalized by the processors who purchase the hogs.
- E. Load out of market hogs is early Monday morning. All exhibitors with market hogs must assist with load out. Please be prompt in bringing your animals to the truck.
- F. Must have completed certification in a Pork Quality Assurance Plus (PQA Plus™), Youth PQA Plus™, or 4-H/extension Livestock Quality Assurance and Ethics program.
 - 1. Include a copy of your training certificate with entry. Certification must be valid through this year.
 - 2. Certificates may be obtained by attending a Minnesota Pork Board's Quality Assurance seminar or a Quality Assurance/Livestock Show Ethics seminar jointly produced by Minnesota 4-H and Minnesota Foundation for Responsible Animal Care.
